<b>Double Round</b> Best For Prepping Polishing Projects Leaves Less Scratches	Extra-Soft	16/18	\$25
	Soft	30/40	\$22
	Medium	60/80	
	Hard	120/150	

PCD Type	Use For	Life Span	Unit Price
<b>DCT</b> Diacrete Combo Tool	General Coatings Removal	10,000 to 11,000 Sqft	\$29 Both Directions

<b>Barracuda</b> Dual Full PCD	Heavy Duty Coatings Removal	10,000 to 11,000 Sqft	\$55 Both Directions
-----------------------------------	-----------------------------------	--------------------------	----------------------------

## LAVINA FAST-CHANGE

Segment Type	Bonds	Grits	Unit Price
*Double Bar Aggressive Cuts Fast, Leaves More Scratches	Extra-Soft	16/18	\$27
	Soft	30/40	\$24
	Medium	60/80	
	Hard	120/150	

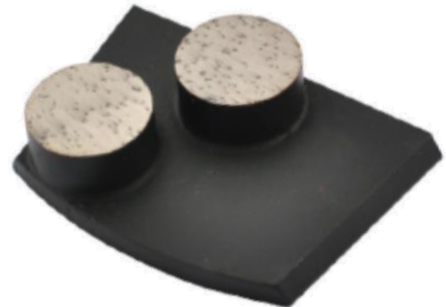

Segment Type	Bonds	Grits	Unit Price
*Double Round Best For Prepping Polishing Projects Slower Cut Leaves Less Scratches	Extra-Soft	16/18	\$30
	Soft	30/40	\$27
	Medium	60/80	
	Hard	120/150	

Segment Type	Bonds	Grits	Unit Price
*Double Arrow Aggressive Ok for Coatings Removal. Leaves More Scratches	Extra-Soft	16/18	\$29
	Soft	30/40	\$26
	Medium	60/80	
	Hard	120/150	

PCD Type	Use For	Life Span	Unit Price
*Triple 1/2 PCD Segments w/ Sacrificial Bar	Coatings Removal	11,000 to 15,000 Sqft	\$70 Both Directions

\* Made to Order Only - 3 Weeks To Ship

Up to 20,000 SqFt of Production Per Set!  
(Depending on the closeness of the match  
between the concrete, bond type, and grit)

# HTC EZ TOOLING

Up to 20,000 Sqft of Production Per Set!  
 (Depending on the closeness of the match  
 between the concrete, bond type, and grit)

Segment Type	Bonds	Grits	Unit Price
*Double Bar Aggressive Cuts Fast, Leaves More Scratches	Extra-Soft	16/18	\$26
	Soft	30/40	\$23
	Medium	60/80	
	Hard	120/150	

Segment Type	Bonds	Grits	Unit Price
*Double Round Best For Prepping Polishing Projects Slower Cut Leaves Less Scratches	Extra-Soft	16/18	\$29
	Soft	30/40	\$26
	Medium	60/80	
	Hard	120/150	

Segment Type	Use For	Life Span	Unit Price
*Double, 1/2 PCD Segment w/ Sacrificial Bar	General Coatings Removal	11,000 to 15,000 Sqft	\$60 Both Directions

\* Made to Order Only - 3 Weeks To Ship

## HUSQVARNA TOOLING

Up to 20,000 Sqft of Production Per Set!  
(Depending on the closeness of the match between the concrete, bond type, and grit)

Segment Type	Bonds	Grits	Unit Price
<b>*Double Bar</b> Aggressive Cuts Fast, Leaves More Scratches	Extra-Soft	16/18	\$28
	Soft	30/40	\$25
	Medium	60/80	
	Hard	120/150	

Segment Type	Bonds	Grits	Unit Price
<b>*Double Round</b> Best For Prepping Polishing Projects Slower Cut Leaves Less Scratches	Extra-Soft	16/18	\$31
	Soft	30/40	\$28
	Medium	60/80	
	Hard	120/150	

Segment Type	Bonds	Grits	Unit Price
<b>*Double Arrow</b> Aggressive Ok for Coatings Removal Leaves More Scratches	Extra-Soft	16/18	\$30
	Soft	30/40	\$27
	Medium	60/80	
	Hard	120/150	

Segment Type	Use	Life Span	Unit Price
<b>*Dual ¼ PCD</b> w/ Sacrificial Bar Segment	General Coatings Removal	11,000 to 15,000 Sqft	\$70 Both Directions

# SCANMASKIN CLASSIC

Up to 12,000 SqFt of Production Per Set!  
 (Depending on the closeness of the match between the concrete, bond type, and grit)

Segment Type	Bonds	Grit	Unit Price
Double Bar Snap-On	Soft	30	\$28

Bauta Double Snap-On	Soft*	16/18	\$30
	Medium Hard*	30/40	\$27
		60/80	
		120/150	

\*Made to Order Only - 3 Weeks To Ship

# MASTERCRAFT

Up to 20,000 SqFt of Production Per Set!  
 (Depending on the closeness of the match between the concrete, bond type, and grit)  
 Fits the MasterCraft Fast-Change plates!

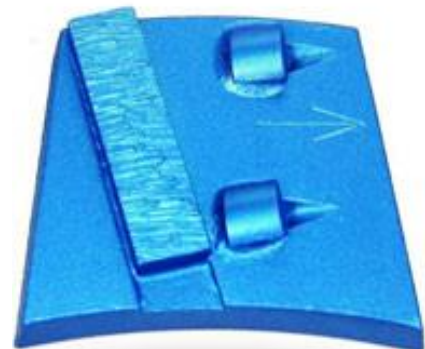

Segment Type	Bonds	Grits	Unit Price
*Double Bar Aggressive Cuts Fast, Leaves More Scratches	Extra-Soft	16/18	\$28
	Soft	30/40	\$25
	Medium	60/80	
	Hard	120/150	

Segment Type	Bonds	Grits	Unit Price
*Double Round Best For Prepping Polishing Projects Slower Cut Leaves Less Scratches	Extra-Soft	16/18	\$31
	Soft	30/40	\$28
	Medium	60/80	
	Hard	120/150	

Segment Type	Use	Life Span	Unit Price
*Piranha: ¼ PCD w/ Sacrificial Bar Segment	General Coatings Removal	11,000 to 15,000 Sqft	\$59 Both Directions

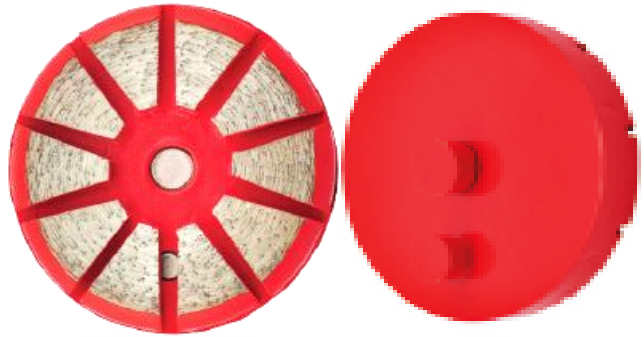

\*Made to Order Only - 3 Weeks To Ship

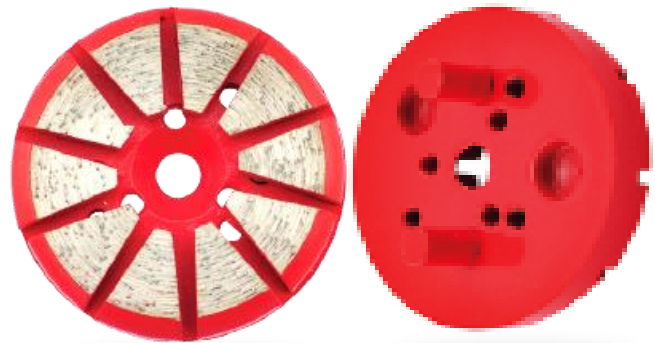

# GRINDING DISCS - TERRCO AND AZTEC

Up to 20,000 SqFt of Production Per Set!  
(Depending on the closeness of the match  
between the concrete, bond type, and grit)  
Fits the Aztec, Terrco And Avenger machines!

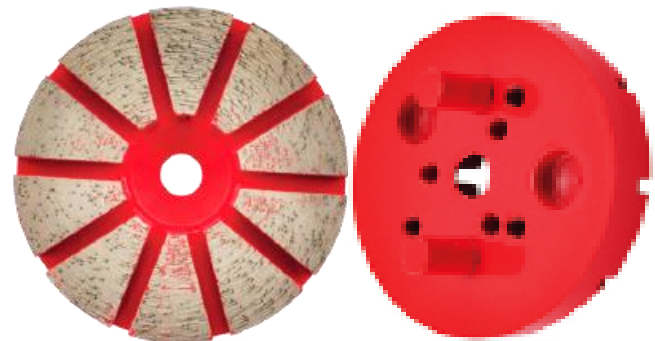

Segment Type	Bonds	Grits	Unit Price
*Beveled Edge 10 Segments TERRCO	Soft	16/18	\$50
	Medium	30/40	\$44
	Hard	60/80	
		120/150	

Segment Type	Bonds	Grits	Unit Price
*Beveled Edge 10 Segments Multi-Configuration Fits Avengers and Aztecs	Soft	16/18	\$51
	Medium	30/40	\$45
	Hard	60/80	
		120/150	

Segment Type	Bonds	Grits	Unit Price
*Non-Beveled Edge 10 Segments Multi-Configuration Fits Avengers and Aztecs	Soft	16/18	\$52
	Medium	30/40	\$46
	Hard	60/80	
		120/150	

\*Made to Order Only - 3 Weeks To Ship

# 2" DIAMOND PLUGS

Segment Type	Bonds	Grits	Unit Price
*Bar Aggressive Cuts Fast, Leaves More Scratches	Soft	16/18	\$55
	Medium	30/40	\$48
	Hard	60/80	
		120/150	

Segment Type	Bonds	Grits	Unit Price
*Solid Best For Prepping Polishing Projects Leaves Less Scratches	Soft	16/18	\$55
	Medium	30/40	\$48
	Hard	60/80	
		120/150	

Segment Type	Bonds	Grits	Unit Price
*Arrow Aggressive Ok for Coatings Removal, Leaves More Scratches	Soft	16/18	\$55
	Medium	30/40	\$48
	Hard	60/80	
		120/150	

Segment Type	Bonds	Grits	Unit Price
*Beveled Edge 10 Segments	Soft	16/18	\$58
	Medium	30/40	\$51
	Hard	60/80	
		120/150	

\*Made to Order Only - 3 Weeks To Ship

# DIACRETE POLISHING

## PREMIUM LINE

These thick, resin-bonded, floor pads **last up to 4500** Sqft per set depending on the surface and grit in use!

Attributes	Use With	Grits	Unit Price
<b>3" Inch Diameter</b> <b>12mm Thickness</b> <b>Use Dry (Or Wet)</b> <b>Velcro-Mounted</b> <b>High Gloss</b> <b>Long-Lasting</b>	Concrete	50	<b>\$15</b>
	Terrazo	100	
	Limestone	200	
		400	
		800	
		1500	
		3000	

## ULTRA LINE

These **hybrid pads** are made with a hardened, semimetal resin bond making them **excellent transitional** tools for removing scratches left by metal-bonded tooling. A set can **last up to 20000** Sqft depending on the step.

Attributes	Use With	Grits	Unit Price
<b>3" Inch Diameter</b> <b>12mm Thickness</b> <b>Use Dry (Or Wet)</b> <b>Velcro-Mounted</b> <b>Semi-Metal</b> <b>Very Long-Lasting</b>	Concrete	50	<b>\$18</b>
	Terrazo	100	
	Limestone	200	
		400	
		800	

# HAND GRINDERS, TOOLS, & ACCESSORIES

---

## LEVETEC L-1200 VS HAND GRINDER

This tool was specifically designed for concrete grinding and polishing corners and edges. As a rule of thumb, concrete and natural stone floors are best ground at a low speed which allows for the best cut on the surface without any bouncing or diamonds going to waste. Most regular hand grinders run at 1000 rpm or more, and most variable speed hand grinders run between 1000 to 3000 rpm. These are way too fast and even when set to the lowest speed, the tooling has no power when pressure is applied on the grinding head. In order to combat this issue, we preconfigured the L-1200's speed to be variable from 360 to 1200 rpm so that the tooling actually catches and performs well! No more flying pads!

**Kit Includes:** Your choice of 5 Inch or 7 Inch Dust Shroud, an 18-Inch Flex Hose, Fittings, Universal Adapter, Hand Grinder Unit. (Accessories by Dustless Technologies)

# METAL DOT PADS

When a cup wheel is too aggressive for the job, step down to a metal dot diamond pad and **stay efficient while minimizing the risk** of over cutting or over scratching on more delicate floors.

Attributes	Use With	Grit	Unit Price
Width: <b>7in</b> For Dry (or Wet) Use	Concrete And Engineered Stone	30	<b>\$90</b>

Attributes	Use With	Grit	Unit Price
Width: <b>7in</b> For Dry (or Wet) Use	Concrete And Engineered Stone	50	<b>\$85</b>

Attributes	Use With	Grit	Unit Price
Width: <b>7in</b> For Dry (or Wet) Use	Concrete And Engineered Stone	100	<b>\$85</b>

Attributes	Use With	Grit	Unit Price
Width: <b>7in</b> For Dry (or Wet) Use	Concrete And Engineered Stone	200	<b>\$80</b>

Attributes	Use With	Grits	Unit Price
L-Kit (One of Each) Width: <b>7in</b> For Dry (or Wet) Use	Concrete And Engineered Stone	30 50 100 200	<b>\$320</b>

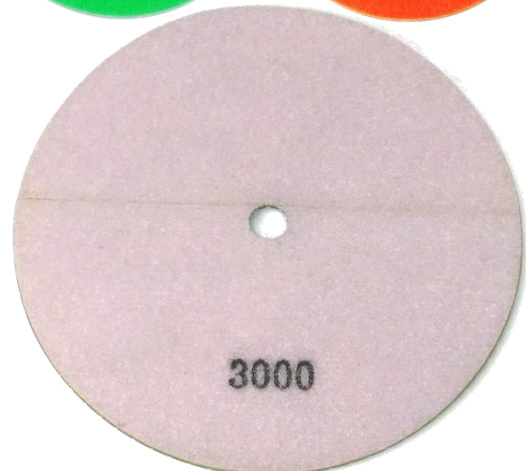

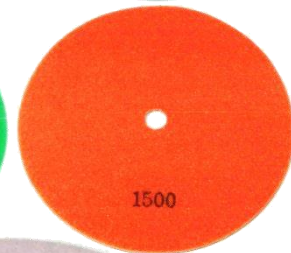

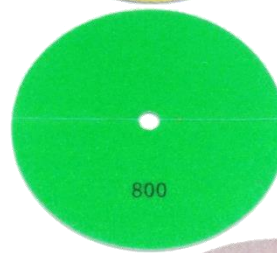

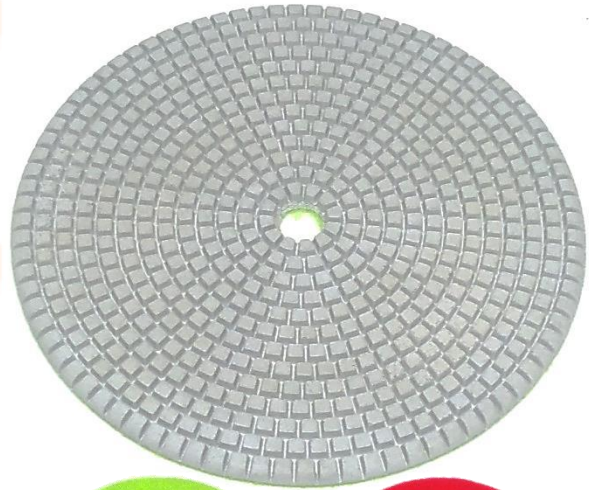

# DIACRETE POLISHING PADS FOR HAND GRINDERS

Attributes	Use With	Grits	Unit Price
Width: <b>5in</b> For Dry (or Wet) Long-Lasting 5mm <b>Thickness</b>	Concrete	50	<b>\$15</b>
	And	100	
	Engineered	200	
	Stone	400	
		800	
		1500	
		3000	

Up to 3000 SqFt of Production Per Pad!  
(Depending on the closeness of the match  
between the concrete, and grit)

Attributes	Use With	Grits	Unit Price
Width: <b>7in</b> For Dry (or Wet) Long-Lasting 5mm <b>Thickness</b>	Concrete	50	<b>\$25</b>
	And	100	
	Engineered	200	
	Stone	400	
		800	
		1500	
		3000	

## DIACRETE® CUPWHEELS BY

# LEVELTEC

Our premium Turbo Cup Wheels allow the user to quickly and **aggressively grind** down a concrete surface. With large pores in the metal body, our tools **run cooler** while grinding and with **5mm thick** segments, they truly offer optimum performance. These will last reliably from **4000 to 7000 SqFt!**

Attributes	Bonds	Grits	Unit Price
Width: <b>7in</b>	Soft or	16	\$70
Turbo Bar	Medium	30	<b>\$60</b>
12 Segments			

Fan Type Segments offer very even coverage when grinding. They yield **high cutting efficiency** and are ideal for aggressive surface preparation. Similarly to the turbos, we design them with large air holes for **improved cooling and dust evacuation**.

Attributes	Bonds	Grits	Unit Price
Width: <b>7in</b>	Soft or	16	\$135
Fan Style	Medium	30	<b>\$115</b>
18 Segments			

The **more segments** a cup wheel has, the less the distance between the segments becomes, and the **less aggressive** it cuts. This allows **more control** to be retained by the user. Mistakes are less likely to happen with more segments!

Attributes	Bonds	Grits	Unit Price
Width: <b>7in</b>	Soft or	16	\$120
Turbo Style	Medium	30	<b>\$95</b>
24 Segments
